## FOR IMMEDIATE RELEASE

Date: March 2011

Location: Florence

Superior Machine Co. of S.C., Inc. (**Superior**) announces the booking of an order to upgrade a caster spray chamber for Nucor Steel's Auburn, N.Y. mill.

Superior is being contracted to execute a "turnkey" project that includes design engineering requirement to upgrade the spray chamber from a carbon steel based structure to a stainless structure; the manufacture of the required components; demolition of the existing spray chamber and installation of the new stainless chamber.

Superior will utilize a proprietary process to manufacture some of the beams in lieu of procuring given this is a fast track project. Installation is scheduled for later this spring.

Superior Machine Company of S.C., Inc. is a privately held company with facilities throughout the U.S. **Superior** serves the steel and aggregate industries with engineering, fabrication, machining and field services.
