FOR IMMEDIATE RELEASE

November 2008

Roanoke, VA

Superior Machine Co. of S.C., Inc. (**Superior**) announces the completion of a slewing bearing change-out for Steel Dynamics, Inc. (SDI), Roanoke, Virginia steel mill on the Gantry Structure servicing its electric arc furnace.

**Superior's** field service team and SDI's maintenance team worked collaboratively in the development of an implementation plan to execute a quick and exacting change-out to minimize SDI's production downtime.

Once the plan was fully developed, **Superior** mobilized a highly skilled field service team of millwrights, machinists, mechanics, riggers, welders and project managers to disassemble the gantry, inspect the bearing surfaces and install a new Rotek bearing to exacting tolerances. The **Superior** team worked around the clock from the commencement to conclusion and concluded the outage on schedule..

Superior Machine Company of SC, Inc. is a privately held company with facilities throughout the U.S. **Superior** serves the steel and aggregate industries with engineering, fabrication, machining and field services.
