Superior Machine Co. of S.C., Inc. (**Superior**) announces continued focus on safety. Indicative of this commitment is the appointment of Cary Andrews as the company's Director of Safety and Environmental Management.

Cary is an industry veteran. He has held various operations and engineering positions throughout his 33-year career in industry and has been with Superior in operations for over three (3) years. Cary holds a Bachelor of Science degree in civil engineering from Clemson University and is a registered Professional Engineer (P.E.) in three states. He is also a member of the American Society of Safety Engineers.

Kent Carraway, President & C.E.O. noted, "Safety is mission critical to our business. It requires constant attention and focus. We are extremely fortunate to have Cary lead our company's strategic initiative of continuous safety improvement. Cary understands the demands our employees have in performing their jobs. We are committed to our employees and customers to be the best in our class regarding safety."

Superior Machine Company of S.C., Inc. is a privately held company with facilities throughout the U.S. **Superior** serves the steel and aggregate industries with engineering, fabrication, machining and field services.
